

AQUATEC®

Ocean VIP Ergo Family

**Modular personal care solutions
for complex needs**

ERGONOMIC DESIGN | SAFETY | INDEPENDENCE

Modular personal care solutions for those with more complex seating and positioning needs

The Aquatec Ocean VIP Ergo and Ocean Dual VIP Ergo are modular tilt in space shower chair commodes designed to suit a wide range of individuals and their postural needs. Both models benefit from a 40° seat tilt angle, whilst the Ocean Dual VIP has an additional backrest recline of 0° to 35° for those with more complex seating and positioning requirements.

Highly customisable

As with all Ocean Ergo models, the VIP and Dual VIP can be tailored to each individual by making some simple adjustments or by adding some easy to fit, off the shelf accessories. Furthermore, their ergonomic design ensures ease of use for the carer whilst providing optimum safety and comfort to the person.

You can see a full range of accessories online

NEW Contoured, ergonomic seat

- ▶ Moulded to more effectively fit the shape of the buttocks to ensure a more upright and stable seating position can be achieved.
- ▶ An intergrated 5° seat tilt to lift the knees into the natural squat position for more efficient toileting.
- ▶ Transfer support indentations at the front of the seat to allow the person to position themselves into a comfortable position for toileting and showering.

NEW Ergonomic tilt

- ▶ The new pivot and slide mechanism means that during tilt, the chair now moves downwards and forwards which keeps the person's centre of gravity close to that of the chair. This makes the tilt operation lighter and more intuitive for the carer, creating a smoother and more comfortable experience for the person.
- ▶ The overall footprint of the shower chair has been reduced, without affecting it's stability.

NEW

FEATURES

Up to **40°** tilt

1

Extremely stable

- ▶ Enhanced stability for additional safety and reassurance

2

Ergonomic tilt

- ▶ Ergonomic tilt with weight shifting abilities

3
